Administering Organization

(full list on next page)

Serial Number - A six digit number generally assigned sequentially to a series within an Institute, Center, or Division.

Grant Year - A two digit number indicates the actual segment or budget period of a project. The number increases sequentially across segments (i.e. each continuation segment doesn't start over at -01).

Other - reflects if a Supplement (S) or Amendment (A) to an award was made. The number after S or A identifies a particular supplement or amendment record.
