

## Department of Otolaryngology Research Fellowships

As a Research Fellow, students have the opportunity to engage in a year-long research project with a faculty mentor in the Department of Otolaryngology - Head and Neck Surgery. Each program provides one year of funding and can be tailored to meet the interests of the selected fellow. Students also have the opportunity to shadow clinical activities and are expected to take part in all departmental educational activities, such as head and neck cancer tumor board and grand rounds. Information about ongoing research in the department can be found online (<https://icahn.mssm.edu/about/departments/otolaryngology/research-program>).

The Department of Otolaryngology is able to support four research fellows per year. These competitive programs provide one-year of funding for medical students to participate in clinical or basic science research. Each fellow is assigned to a specific division and mentor, though they will have the opportunity to explore other interest as well. The programs are designed to encourage medical students to consider a career in Otolaryngology - Head and Neck Surgery.

**Fellowship Dates:** July 1<sup>st</sup>, 2024 – June 30<sup>th</sup>, 2025

- **The Eugen Grabscheid, MD Research Fellowship**
  - Laryngology
- **The Ronald Hoffman, MD Research Fellowship**
  - Otology
- **The William Lawson, MD, DDS Research Fellowship**
  - Rhinology
- **The Steven Sacks, MD and Carole Sacks Research Fellowship**
  - Head and Neck Surgery

### **Eligibility:**

The fellowships are available to students currently in their third year or fourth year of medical school.

### **Fellowship Awards:**

These are independent scholarships, each to be awarded individually. Each student will receive a stipend of \$35,000 for the year to support room and board, with additional funding provided for health benefits.

### **Application:**

Interested students must submit:

- a) An up to date CV with current transcript
- b) One letter of recommendation
- c) A personal statement, not to exceed one page, detailing your motivation to apply for the Fellowship, what you hope to get out of the year and how your prior research or other experience makes you an outstanding candidate.

**Application Deadline: March 20, 2024** - Please submit a complete application to Kerry Feeney in the Department of Otolaryngology - Head and Neck Surgery via email: ([kerry.feeney@mountsinai.org](mailto:kerry.feeney@mountsinai.org)).

**Process:** Interviews will take place for selected candidates on March 26, 2024; decisions will be made by April 1, 2024.
