## **INTERIORS & FURNITURE**

PSOM/HUP buildings adhere to standardized furniture finishes, sustainable practices, and design layouts. Any requests to deviate from these standards are reviewed by the SPO on a case-by-case basis.

To maintain safety, consistency, and compliance with facility standards, we kindly ask that no unauthorized furniture be brought into the building. This includes furniture from other locations and any items not commercially rated for office or institutional use. Unauthorized furniture may pose safety hazards, disrupt space planning, or fail to meet institutional requirements.

If you're considering changes to your workspace or need additional furnishings, please contact the Interiors team. For more details or to request a consultation, visit the **Facilities Planning and Space Management – Interiors** page:

<https://www.med.upenn.edu/spo/facilities-planning-and-space-management.html#Interiors3>

### **Ordering Process**

Furniture orders are initiated only after occupants have submitted the final, approved drawings and proposals. Estimated ship dates are typically available within one to two (1–2) weeks after the order is placed. Please note that all orders are final once submitted. If additional items are needed after submission, a separate proposal must be prepared and approved.

### **Lead Time\***

Furniture delivery and installation timelines depend on the scope and type of request:

- **New furniture** typically requires three to five (3–5) months from request to completion.
- **Reconfiguration of existing furniture** usually takes about four (4) weeks from the date of authorization.
- **Hybrid configurations** (a mix of new and reused furnishings) vary based on the balance of reused versus new components.

*\*Lead times are subject to change due to market fluctuations, supply chain delays, or unforeseen events such as natural disasters.*
